Ovaries Exercise Pathway Enrichment (KEGG_2019_Mouse) Neurotrophin signaling pathway -Protein processing in endoplasmic reticulum -FoxO signaling pathway -TNF signaling pathway -MAPK signaling pathway mTOR signaling pathway Insulin resistance Insulin resistance Pl3K-Akt signaling pathway Ubiquitin mediated proteolysis Insulin signaling pathway Ras signaling pathway Ras signaling pathway Ocyte meiosis AMPK signaling pathway Human papillomavirus Infection
Non-homologous end-joining Hepatitis B -Glucagon signaling pathway Hepatitis C Fluid shear stress and atherosclerosis Longevity regulating pathway
Breast cancer
C-type lectin receptor signaling pathway
Influenza A Cellular senescence HIF-1 signaling pathway Basal transcription factors Notch signaling pathway in diabetic complications Thyroid hormone signaling pathway

Thyroid hormone signaling pathway

Hippo signaling pathway

Transcriptional misregulation in cancer

What signaling pathway

Rap1 signaling pathway

Osteoclast differentiation 3 9 -Log(FDR)
